Quick cleanup for breakrooms and cafeterias

Issue: It doesn't take much to create a mess in the breakroom or in the cafeteria. Maintenance personnel need to have effective cleaning products close at hand to quickly clean up messes and spills.

Application: Use cleaners, hand pads and sponges together for a quick and effective solution to keeping your breakrooms and cafeterias clean.

Recommendation: 3M™ Dose 'n Fill™ cleaners are easy to use, effective and can save you up to 44% over other ready-to-use cleaners. Scotch-Brite™ Hand Pads can handle the tough stains, while Scotch-Brite™ Sponges give you the ability to scrub and wipe.
