

ClearVue™ Condensate Pump

No Float, No Problem.

6GKN8

iQ Technology™

Variable Lift: Assures the pump impeller is spinning only as fast as is needed to lift the condensate water to the height needed allowing the pump to work quieter and more efficient.

Self Cleaning: The pump constantly monitors the pumping conditions for signs of partially or fully clogged drain lines. In these instances, the pump increases the pressure in an attempt to clear the clog from the drain line

Floatless Sensor™: Eliminates many of the mechanical problems associated with conventional condensate pumps, such as mechanical failure, debris fouling, and misalignment.

LED Control Panel: Easy to operate with LED indicators and push button operation for quick and simple operation.

Grainger Part #	Type	HP	Voltage	Discharge	GPH of Water @ 1 Ft.	GPH of Water @ 9 Ft.	GPH of Water @ 20 Ft.	Shut-Off (Ft.)	Max Temp. (F)
6GKN8	Vertical	1/30	120/230	3/8"	90	70	13	22	160
6GKN9	Vertical w/ 20' Tube	1/30	120/230	3/8"	90	70	13	22	160
