WASTE RECEPTACLES & MATERIAL HANDLING

Solutions for the facility maintenance professional
Round Receptacles

These receptacles are molded of engineered resins with seamless construction - this heavy-duty construction makes them ideal for bulk collection in virtually every industry. Molded-in handles make transporting easy. Available in a variety of sizes for specific uses. Receptacles accept several lid styles. Accepts 5DMY3 Round Dolly and several lid styles.

## Round Dolly
The twist-on, twist-off Round Dolly converts a stationary Round or Vented Round Receptacle into a hard working tool. Works in conjunction with the 20, 32, 44 and 55 gallon receptacles, and features five, 3”, non-marking swivel casters.

### 5DMY3
Round Dolly, Color Black, Fits 20, 32, 44 and 55 Gallon Round Receptacles

## Square Dolly
The twist-on, twist-off Square Dolly converts a stationary Square Receptacle into a hard working tool. Works in conjunction with the 28, 48 and 55 gallon Square Receptacles, and features four, 3”, non-marking swivel casters.

### 5DMY4
Square Dolly, Color Black, Fits 28 and 44 Gallon Square Receptacles

## Caddy Bag
This adjustable, nine pocket Caddy Bag can be added to a Round, Vented Round or Square Receptacle for convenient storage of cleaning tools. Made of nylon reinforced PVC for years of reliable service.

### 5DMY5
Caddy Bag, Color Yellow, Made of Nylon Reinforced PVC, Fits the Round or Square Receptacles
Step-On Receptacles

Allow for convenient and hygienic disposal of waste. Step pedal provides hands-free use. Can be used with standard poly liners.

23 gallon has wheels and wire frame for ease of mobility.

Janitor Cart
This cart is the workhorse of the industry! Designed to accommodate and organize tools and supplies required by today’s stringent facility managers. Over-sized wheels and casters make this cart the logical choice for heavy-duty applications in healthcare, airports, convention centers, theaters, shopping centers, office buildings and more!

Vinyl Bag
Ergonomic bag zips open completely to easily remove heavy contents and avoid back injury. 25 gallon capacity.

25 gallon Capacity,
Base Color Grey
Recycle Receptacles

Color-coded Recycle Receptacles have product specific openings that promote the sorting of recyclables. Trilingual (Eng/Sp/Fr) “Recycle Material ID Labels” are also included to make sorting easy! Recycle Receptacles come with a unique ‘Key-Way’ feature and shoulder design that allows a poly liner to be secured and helps to hide the unsightly bag “skirt” to maintain a clean, professional appearance.

When used in conjunction with the Round Dolly, these receptacles create a unique recycling collection system. Products are sold separately - mix and match to customize a recycling program for any application! Ideal for open settings like school cafeterias, atriums, foyers, food courts, airport terminals, plazas, convention centers, etc.

Round Dolly for Recycle Receptacles

This powder-coated steel dolly has 3” non-marking, all-swivel casters. Dolly provides easy maneuverability to the recycling station.

Low Profile Recycling Receptacle
This sleek and attractive receptacle has a 23 gallon capacity, but protrudes less than one foot from the wall! 30’ height fits under standard work tables. Seamless construction makes clean-up easy. Molded-in bag cinch eliminates the need to tie knots in polyliners. Hand grips on the receptacle’s bottom provide a secure area to grasp when lifting and dumping.

Low Profile Half Round Recycling Receptacle
This receptacle has a sleek and attractive design and a small footprint, making it ideal for today’s space-efficient workplace. The rounded front and sides allow use without traffic interference.

Recycling Lids
These lids are designed for specific recycling collection, which encourages users to sort their recyclables. Color-coded for easy recognition. All lids fit the 4UAU7 base.

Recycle Stations

These high capacity recycle stations utilize color-coded lids to promote and encourage users to sort their recyclables! Trilingual Material ID Labels make sorting easy, and allow the customer to customize a program to their facility. Two 23 gallon rigid plastic liners allow convenient and efficient separation of recyclables for multi-stream collection - liners are easily removable for cleaning and emptying.

Recycle-N-Wheel Receptacle
50 gallon capacity receptacle features a hinged, double-walled lid and 8" non-marking wheels.

Curbside Recycle Bin
Used by environmentally conscious cities across America! Bin is durable, yet lightweight, and has drain holes in the base that prevent the accumulation of rainwater. Notched sides allow units to be cross-stacked.
